THE CATACLYSM

Prologue

Comments	Scripture	
The Cataclysm (Flood of Noah) is the second most significant event in human history - after the resurrection of IESOUS CHRISTOS.		
Analysed, questioned, taken apart - though independent science is confirming more and more that the biblical account is 100% true (see the extrabiblical proofs at the end of this study). The Bible mentions the Cataclysm several times (at least 19 times) throughout the books of Samuel, Chronicles, Job, Psalms, Isaiah, Ezekiel, Matthew, Luke, Hebrews and Peter. Moses, Samuel, Isaiah, Ezekiel, Peter and Paul all affirm this catastrophic event being literal and real. IESOUS also mentioned the Cataclysm, and we would directly contradict Him if we would deny the Cataclysm.		
People who deny the Cataclysm are described as scoffers. This includes unbelievers and believers alike.	*... in the last days scoffers will come with scoffing, following according to their own desires [...] it escapes their notice that [...] the world that existed at that time was destroyed by being inundated with water.*	2Pet 3:3-7

Symbolism Baptism

Baptism initiated with John the Baptist, but it is symbolically connected to the Cataclysm (and on the Nation of Israel crossing the Jordan River).	*... who were formerly disobedient, when the patience of THEOS waited in the days of Noah, while an ark was being constructed, in which a few - that is, eight souls - were rescued through water. And also, corresponding to this, baptism now saves you ...*	1Pet 3:20-22

Fit For Faith

THE CATACLYSM · CHRONOLOGY

2 · According To Greek Old Testament Dates

Year	3298 BC									3297 BC	
Age Noah	600 ("In the six hundredth year in the life of Noah ...")									601	
Date	"1st month, 1st day"	2nd month, 20th day	"2nd month, 27th day" *	4th month, 7th day	"7th month, 27th day'	"11th month, 1st day"	12th month, 10th day	12th month, 17th day	12th month, 24th day	"1st month, 1st day"	"2nd month, 27th day"
Days	-56	-7	0	40	150	244	283	290	297	304	360

Start Construction	New Year	Entering The Ark	Abyss Opens · Rain Starts	All Life Wiped Out · Waters Stop Increasing	Waters Diminish · Ark Rests On Mt. Ararat	Other Mountains Become Visible	Raven	Dove (1)	Dove (2)	New Year · Dove (3) · Ark Covering Removed · Waters Disappeared	Earth Dry · Leaving The Ark

Construction Time	Loading Time	Waters Rise	Waters Prevail	Waters Recede		Birds Sent Out			Drying Time
many years	"7 days"	"40 nights"	110 days	93 days	"40 days"	"7 days"	"7 days"	"7 days"	56 days

(Identical with Drying Time) — 56 days

< Raven Sent Out — Raven Returns > — 77 days (7+7+7+56)

Waters Raised Up "150 days" · Waters Recede 154 days

The Cataclysm — 304 days

Humans & Animals Inside Ark — 360 days

New Year - New Year (Waters Disappeared)

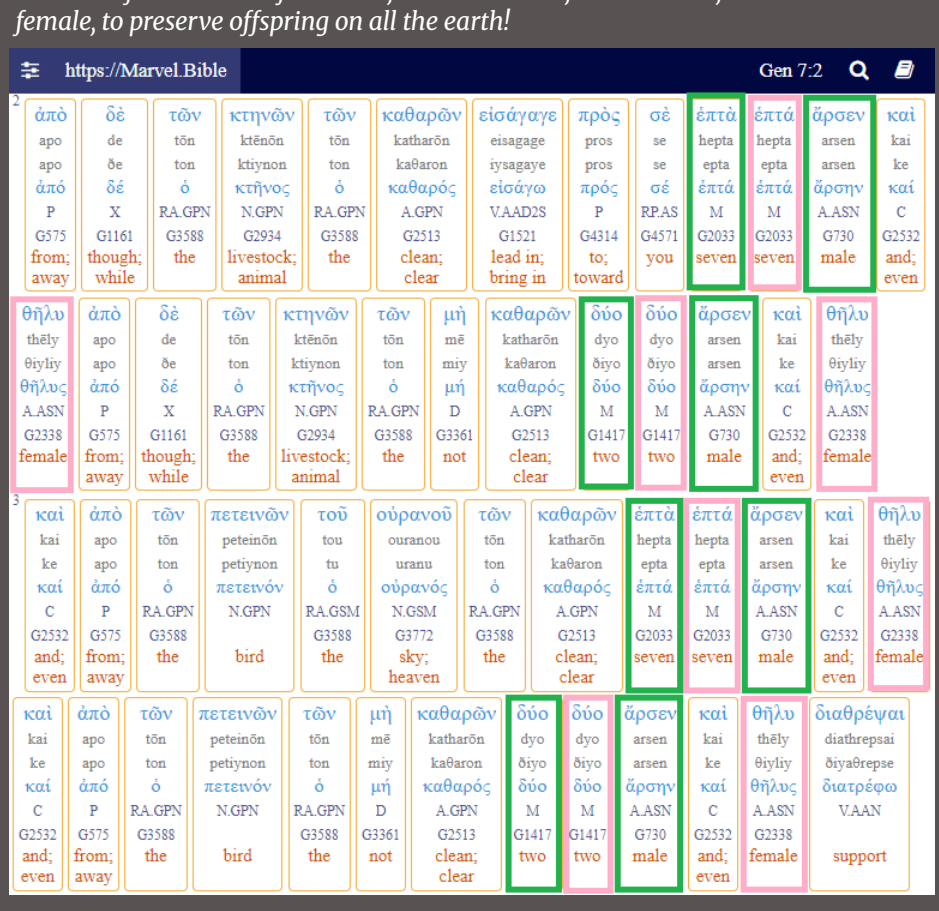

360 days = exactly identical with the length of a biblical calendar year (12 months x 30 days)

* see addendum for the detailed schedule

THE CATACLYSM

3 · Time Leading To The Worldwide Cataclysm (~3298 - 3297 BC)

	Event / Comment	Scripture	
Before The Cataclysm unknown construction time of several years or decades, max. 120 years	The situation before the Cataclysm. Only Noah was a proclaimer of righteousness.	*But KYRIOS the THEOS having seen that the malignities of men were increased on the earth [...] then THEOS was deeply incensed that He made man on the earth, and He was resolved. And THEOS said: "I will annihilate man, whom I have made, from the face of the earth, from man to domestic animal, and from herptiles to the birds of heaven. For I was made angry, that I have made them." But Noah found grace before KYRIOS the THEOS. Now these are the lineages of Noah: Noah was a just man, being perfect in his generation. Noah walked well-pleasingly to THEOS.*	Gen 6:5-13
		For as the days of Noah, so will be the Noming of the SON of Man. For as they were in the days, those before the cataclysm, eating and drinking, marrying and being married, until some day Noah entered into the ark, yet they did not comprehend until the cataclysm came, and took everything away.	Mat 24:37-39
		For if THEOS did not spare ... the ancient world, but preserved Noah, a proclaimer of righteousness, and seven others when he brought a flood on the world of the impious ...	2Pet 2:4-6
	Construction of the ark. 300 x 50 x 30 elbows (often translated with 'cubits', but 'elbows' is the more tangible translation choice) = ~137 x 23 x 14m (450 x 75 x 45ft) 3 decks with separate nests 1 roof 1 side door	*Make therefore to yourself an ark from four-cornered woods. You will make nests in the ark, and you will pitch it from inside and outside with asphalt. And thus you will make the ark: three hundred elbows the length of the ark [~137m], and fifty elbows the width [~23m], and thirty elbows its height [~14m]. And the entrance you will make from the side. A lower deck, second deck and third deck you will make it.*	Gen 6:14-16
		... And KYRIOS the THEOS locked the ark outside of him.	Gen 7:16
		By faith Noah, having been warned about things not yet seen, out of reverence constructed an ark for the deliverance of his family, by which he pronounced sentence on the world and became an heir of the righteousness that comes by faith.	Heb 11:7
Loading Of The Ark 7 days 600th year of Noah ~3298 BC	Noah and his household. 1. Noah 2. Noah's wife (unknown name) 3. Shem 4. Shem's wife (unknown name) 5. Ham 6. Ham's wife (unknown name) 7. Japeth 8. Japheth's wife (unknown name)	*Then I will establish my covenant with you. and you will enter into the ark, you and your sons and your wife and the wives of your sons with you.*	Gen 6:18
		And Noah begat three sons: Shem, Cham, Japheth.	Gen 6:10
		And KYRIOS the THEOS spoke to Noah: "Enter you and all your house into the ark, because in this generation, I beheld you as just before me!	Gen 7:1
		And Noah and his sons and his wife, and the wives of his sons with him, went into the ark because of the waters of the flood.	Gen 7:7
	The animals (regular). 1. All Flesh · 2 males, 2 females 2. Birds · 2 males, 2 females 3. Domestic Animals · 2 males, 2 females 4. Herptiles · 2 males, 2 females 5. Wild Animals · 2 males, 2 females 'Two by two' is often interpreted incorrectly - it can only mean 2 of each gender, because "seven by seven" (Gen 7:2) would otherwise result in 3.5 males and 3.5 females. The Bible does generally not count females and children (e.g. humans) nor is there an exception from this rule for animals. Two of its kind: Noah did not need to bring e.g. both horses and zebras since these creatures are from the same kind - he just needed to bring two of the horse kind (see also Gen 6:19 "some of them") We can certainly assume that the respective "two" had been of different species that resulted in cross-breeds - exponentiating in the centuries after the Cataclysm towards the species we still know today.	*And of all the domestic animals and of all the herptiles and of all the wild beasts and of every flesh, of all you will bring in two and two into the ark, so that you might nourish them together with yourself. Male and female they will be. Of all the vultures of the birds according to kind, and of all the domestic animals according to kind, and of all the herptiles crawling on the earth according to their kind, of all will come in two and two to you, to nourish with you, male and female.*	Gen 6:19-20
		And of the birds and of the domestic animals, the clean ones, and of the birds and of the domestic animals, those not clean, and of all the herptiles on the earth, two by twos they entered into the ark to noah, male and female, as THEOS charged him.	Gen 7:8-9
		And all the wild beasts according to kind, and all the domestic animals according to kind, and every herptile moving upon the earth according to kind, and every bird according to kind, they entered into the ark to Noah, two by twos of every flesh, in which is a breath of life.	Gen 7:14-15
	Animals (clean), for the purpose of sacrifice, possibly as food for Noah and his family if they had the need to eat on the ark, and as their post-cataclysm livestock (until crops could be planted and harvested). 1. Domestic Animals, clean · 7 males, 7 females 2. Domestic Animals, unclean · 2 males, 2 females 3. Birds, clean · 7 males, 7 females 4. Birds, unclean · 2 males, 2 females	*And of the domestic animals, the clean ones, bring in to you seven and seven, male and female! And of the domestic animals, those not clean, two and two, male and female! And of the birds of heaven, the clean ones, seven and seven, male and female! And of the birds, those not clean, two and two, male and female, to preserve offspring on all the earth!*	Gen 7:2-3

		And Noah built an altar to THEOS, and he took from all the domestic animals, the clean ones, and from all the birds, the clean ones, and bore up whole fruits upon the altar.	Gen 8:20
	Provision for the household and the animals.	*But you will take to yourself of all the foods which you will eat, and you will gather for yourself, and it will be to you* [Noah & family] *and to them* [animals] *to eat."*	Gen 6:21

see next page

THE CATACLYSM

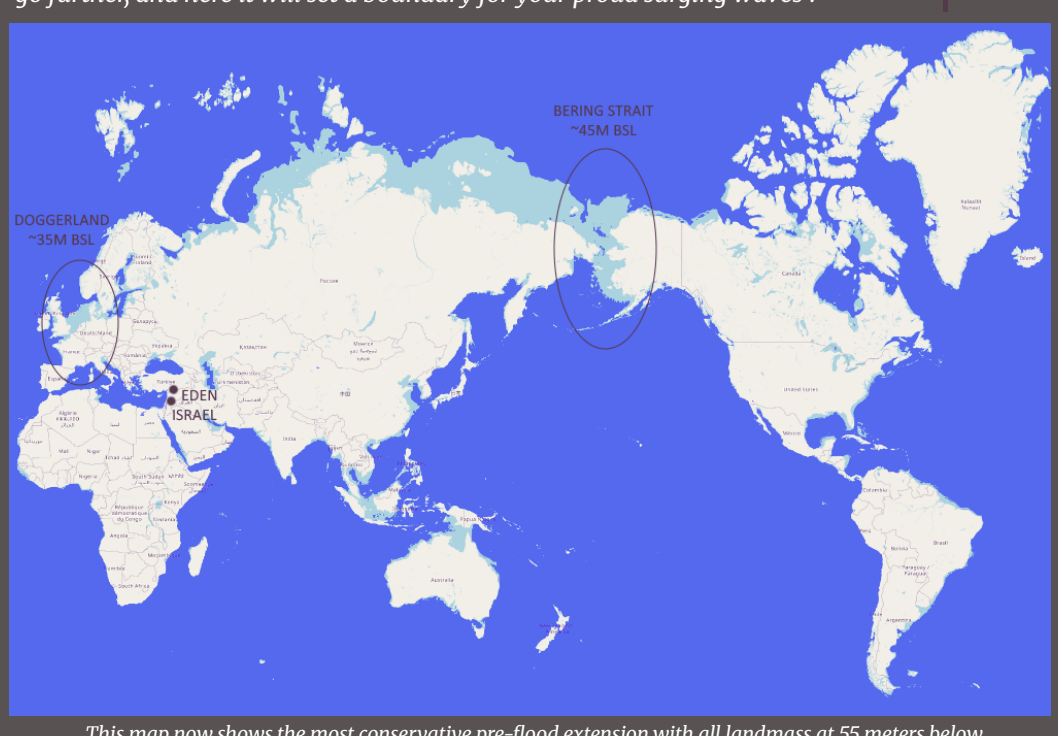

4 · The Rising Of The Waters

The Waters Rise

Day 1 - 40

(150 days of abyss water, but only 40 days of rain)

Event / Comment	Scripture	
Destruction of the earth.	*And THEOS spoke to Noah: "The time of every man has come before me, for the earth was filled by them of injustice. And behold, I am ruining them and the earth.*	Gen 6:13
Extension of the extinction. 1. Humankind 2. Animals, domestic (cattle) 3. Creeping things (herptiles including reptiles) 4. Birds of heaven	*And THEOS said: "I will annihilate man, whom I have made, from the face of the earth, from man to domestic animal, and from herptiles to the birds of heaven [...] every flesh was ruining its way on the earth. And THEOS spoke to Noah: "The time of every man has come before me ...*	Gen 6:7-13
	Now I, behold, am bringing the water cataclysm upon the earth, to ruin every flesh under the heaven, in which is a breath of life. And as many as might be on the earth, will die.	Gen 6:17
	And every flesh moving upon the earth died, of the birds, and of the domestic animals, and of the wild beasts, and every herptile moving upon the earth, and every man. And everything, as much as has a breath of life, and everything which was upon the dry land, died. And He eradicated all the existence, which was upon the face of all the earth, from man to domestic animal, and herptiles and the birds of heaven, and they were eradicated from the earth. Then was left behind only Noah, and those with him in the ark.	Gen 7:21-23
EXCEPT sea life (but significant losses when the flood would have receded; see fossils found on mountains all over the world)	*And I will eradicate all the existence which I have made, from the face of the earth."* [probably excluding sealife]	Gen 7.4
	And everything, as much as has a breath of life, and everything which was upon the dry land, died.	Gen 7:22
The Flood's source - primarily fed by the abyss and to a minor degree by rain. 1. The term 'fountains of the abyss / springs of great deep / storehouses' does not refer to oceans, as visible through the brief word study on the right hand. Some takeaways / descriptive words found in those verses: - Fountains of the abyss; recesses of the abyss (source of the sea); deeps of abyss wells - Clear distinction from the oceans (Psa 32:7, Psa 134:6 and Job 28:14) - Gradation from the very top to the very bottom: Heaven > Earth > Sea > Abyss (Psa 134:6) - The abyss can boil (= geothermally heated groundwater, better known as hot springs) - The dragon in Rev 9:2 will be thrown into the abyss. 2. This water was stored there on creation day #3, released at the time of the flood through thousands of springs (possibly also through underwater fissures in the Pacific Ring of Fire as enormous sediments in the nearby Grand Canyon plain strongly suggest), covering all mountains of the earth, and stored there forever after the flood, as promised by THEOS. 3. It can be easily concluded that only a subset of the underground water could go back to its origins, after the additional weight above had compacted the vacuum beneath. This means that the sea levels remained significantly higher after the flood (estimated up to 180m), making the oceans much wider than before the flood and eliminating land bridges such as Bering (Russia-US; now ~45m BSL) and Doggerland (Cont. Europe-Great Britain; now ~35m BSL), causing ultimately (in combination with plate tectonics) the division of the earth as described in Gen 10:25 (division of land and creation of 70 language groups / Table of Nations) and through the meaning of the name of 'Peleg' (channel, stream, division). 4. The process of the division of the earth could have been significantly slowed down to 50-500 years after the flood (also giving humans and animals time to cross the Bering Straigth on dry land), through enormous layers (up to 1 mile high) of flash-frozen flood water on the polar caps and northern portions of the continents, further explaining that the Grand Canyon formed through melt waters (to a minor extent; mainly through the flood itself), and slowly increasing the sea levels until the time of Peleg. This ice cap could have covered all North America and reached precisely until the Gran Canyon, as studies suggest that the axis of the earth had been tilted to up to 23 degrees after the flood.	*For after seven days, I bring a downpour on the earth, forty days and forty nights.*	Gen 7:4
	For since the fathers fell asleep, all things so remain from the beginning of the creation; for this they willingly conceal, that the Heavens existed long ago, and the earth having been established by the word of THEOS out of water and through water, through which [plural in the Greek OT, thus referring to both the heavens and the earth as the source of the waters] *the world then, having been flooded by water, was destroyed; and by the same Word, the present heavens and earth, having been stored up for fire, are being preserved until [the] day of judgment and destruction of impious men.*	2Pet 3:5-7
	Then it followed after seven days, and the water of the cataclysm came upon the earth. In the six hundredth year in the life of Noah, the second month, the twenty-seventh of the month [Masoretic Text: 17th; manipulated for an unknown reason; possibly to justify a different length of a Jewish calendar year], *on this day* [1] *all the fountains* [springs] *of the abyss* [great deep; Greek word ABYCCOY, abussou, Strong's G12] *were discharged.* [2] *And the cataracts of heaven were opened,* [3] *and the downpour came upon the earth, forty days and forty nights.*	Gen 7:10-12
Abyss - A Brief Word Study (36x Greek OT; 9x Greek NT)		
	And the earth was unseeable and unprepared, and darkness upon the abyss [oceans did possibly not yet exist]. *And a breath of THEOS was hovering over the water.*	Gen 1:2
	For KYRIOS thy THEOS will bring thee into a good and extensive land, where there are torrents of waters, and fountains of the abyss issuing through the plains and through the mountains.	Deu 8:7
	And to Joseph he said, His land is of the blessing of KYRIOS, of the seasons of sky and dew, and of the deeps of abyss wells ...	Deu 33:13
	The abyss [abyssos] *said, It is not in me: and the sea* [thalassa] *said, It is not with me.*	Job 28:14
	Or hast thou gone to the source of the sea, and walked in the recesses of the abyss?	Job 38:16
	He makes the abyss boil like a brazen caldron ...	Job 41:23
	Who gathers the waters of the sea [thalasses] *as in a bottle; who lays up the abyss* [abyssous] *in treasuries.*	Psa 32(33):7
	He clave a rock in the wilderness, and made them drink as in a great abyss.	Psa 77(78):15
	The abyss, as it were a garment, is his covering: the waters shall stand on the hills.	Psa 103(104):6
	... all that KYRIOS willed, he did in heaven, and on the earth, in the sea, and in all abysses.	Psa 134(135):6
	He established me before time was in the beginning, before He made the earth: even before He made the abyss; before the fountains of water came forth ...	Pro 8:24
	Art thou not it that dried the sea, the water, even the abundance of the abyss; that made the depths of the sea a way of passage for the delivered and redeemed?	Isa 51:10
	And they [the demons] *begged him not to command them to depart into the abyss.*	Luk 8:31
	And the fifth angel blew his trumpet, and I saw a star fallen from heaven to earth, and he was given the key to the shaft of the abyss.	Rev 9:2
Other General References		
	... the channels of water of the sea were exposed, the foundations of the world, at the rebuke of KYRIOS, from the blast of the breath of His nostrils.	2Sam 22:14-16
	"Or who shut the sea in with doors at its bursting, when it went out of the womb, ... and I set bars and doors, and I said, 'You shall come up to here, but you shall not go further, and here it will set a boundary for your proud surging waves'?	Job 38:8-11

This map now shows the most conservative pre-flood extension with all landmass at 55 meters below the actual sea level. The Bering Strait is already connected at 45 meters below sea level, and Doggerland is connected as shallow as ~35 meters below sea level, where also mammoths, lions and a few prehistoric tools and weapons had been found (see also page 4). This map should also challenge our understanding of the biblical definition of the East!

Relief Map by Hans Braxmeier, Neu-Ulm, Germany, Public domain, www.maps-for-free.com/

Elevation of mountains during the Cataclysm. 1. Mountains are usually formed as a result of plate tectonics (in some cases through volcanoes). The separation of e.g. Australia from Asia, initiated probably shortly after creation (fall of Adam), continued at a slower pace between the creation and the Cataclysm, had once again been catalyzed during the flood year and continues to date at a very slow pace as continually recorded by scientists. 2. It can be easily concluded that the sheer weight of flood water covering all the earth caused extremely strong earthquakes and plate tectonics - those not being audible to Noah and therefore not being recorded in the Bible until the mention of 'Peleg' in Gen 10:25. 3. The mountains must therefore have been significantly lower before the Cataclysm (with Mt. Ararat possibly having been the highest mountain until mid-flood !), meaning less water was required to cover those. The plate tectonics elevated the mountains once again during the flood, also causing deeper seas and ocean trenches.	*And the departing water was lessening* [...] *the peaks of the mountains became visible.*	Gen 8:5
	From these the -islands- of the nations were separated in their land, each according to language, in their tribes and in their nations.	Gen 10:5
	And to Eber two sons were born. The name of the one was Peleg, for in his days the earth was divided [unclear if referring to geography or language groups] ...	Gen 10:25
	To him who spread -out- the earth above the waters ...	Psa 136:6
New constellation of Sun, Moon and Earth. It sounds unbelievable, but the Cataclysm even -slightly- changed the distance between the three major planets. We know this from the perfect 30-day calendar, which leaves no allowance for any calendars with a different number of days. At the same time we know that the lunar interval is today about 29.5 days long. But He is not the THEOS of confusion - He created a perfect 360-day / 12 x 30 days year which was perfectly synchronized at least until the Cataclysm: 1. We know today that the distance moon-earth is constantly increasing (38mm per year) and that the earth rotation is constantly slowing down, which consequently means a slower rotation around the sun and possibly shorter days in the past (several minutes or up to several hours). 2. The gravitation of the moon attracts the water of the earth; a multiple amount of open flood water means that the moon would have drawn slightly closer (a theory). 3. Another theory is that the moon came closer to the earth before the flood, and that its increased gravitation would have (although to a minor extent) helped the the abyss waters to remain above the mantle of the earth for 150 days (!).	1. We know from the Flood Chronology that the flood (Opening of Abyss until Leaving the Ark) lastet exactly 360 days. 2. The account of our End Times (Trumpet #4) does also state a 360-year-calendar. When we divide the 1260 days / 42 months, we receive exactly 30 days.	
	And of a truth I say to you, many widows were in the days of Elijah, in Israel, when the sky was shut for three years and six months [42 months], *when great famine came on all the land ...*	Luk 4:25
	Elijah was a similar-feeling man as us, and with prayer he prayed - not to rain, and it did not rain on the land three years and six months; and again he prayed, and the sky gave rain, and the land brought forth her fruit.	Jam 5:17-18
	" ... and leave out the court that is outside the Temple, and you may not measure it, because it was given to the nations, and they will tread down the holy city forty-two months; 3and I will give to my two witnesses, and they will prophesy one thousand, two hundred, sixty days, clothed with sackcloth" [42 months = 1260 days / 3.5 years = 360 days]	Rev 11:2-3
	And there was given to it a mouth speaking great things, and slanders, and there was given to it authority to make war forty-two months [42 x 30 = 1260 days (3.5 years)], *and it opened its mouth for slander toward THEOS, to slander His Name, and of His dwelling place, and of those who dwell in Heaven ...*	Rev 13:5-6
	... the Tree of Life, producing twelve fruits, yielding its fruit according to each month, and the leaves of the tree [are] for the healing of the nations ...	Rev 22:2

see next page

THE CATACLYSM

5 · The Receding Of The Cataclysm

	Event / Comment	Scripture	
The Waters Prevail Day 41 - 150	After 40 days of rain and abyss water, and after the highest mountains had been covered by 8 meters of water, the waters prevailed at that level for 110 days.	*Then came the Cataclysm upon the earth, forty days an forty nights. And the water was increased and bore up the ark, and it was lifted up from the earth. Then the water was prevailing and was multiplying severely upon the earth, and the ark was floating on the water. Now the water was prevailing very severely upon the earth, and covered over all the high mountains, which were under the heaven [= clearly global]. Fifteen elbows above [~8m] was the water raised, and covered over all the high mountains.*	Gen 7:17-20
		And the water was raised upon the earth one hundred fifty days.	Gen 7:24
The Waters Recede Day 150 - 304	The ark settles on the mountains (plural!) of Ararat. (Day 150) See also page 9 for more details about the former region of Ararat.	*Then THEOS remembered Noah, and all the wild beasts, and all the domestic animals, and all the birds, and all the herptiles, as many as were with him in the ark.* [1] *And THEOS brought a wind [Greek ΠΝΕΥΜΑ pneuma = Spirit] upon the earth, and the water retracted.* [2] *And the fountains of the abyss* [3] *and the cataracts of heaven were exposed,* [4] *and the downpour from heaven was withheld.* *And the water was abating and departing from the earth, the water was abating* [= in the same way it came up from the abyss, much of it went down] *and was lessening after one hundred and fifty days. Then the ark settled in the seventh* [calendar] *month, the twenty-seventh ofthe month, on the mountains of Ararat.*	Gen 8:1-4
		In the beginning, THEOS made the heaven and the earth. And the earth was unseeable and unprepared, and darkness upon the abyss. And a breath of THEOS [Greek ΠΝΕΥΜΑ pneuma = Spirit] was hovering over the water.	Gen 1:1-2
		[referring to both the initial and Noah's flood] *You covered it with the deep as with a garment. The waters stood above the mountains. At your rebuke they fled; at the sound of your thunder they ran off. They ascended the mountains and drained though the valleys to the place that you established for them. You set a boundary that they may not cross over, so that they would not return to cover the earth.*	Psa 104:6-9
	Noah discloses an opening - the tops of the mountains appear. (Day 245) This could happen both by the decline of the water, in combination with the growth of the mountains due to the tectonic plate movement in the year of the Cataclysm (waters recede - mountains rise up).	*And the departing water was lessening until the tenth* [calendar] *month. Now in the eleventh month* [Masoretic: 'tenth month'], *the first of the month, the peaks of the mountains became visible. And it followed after forty days, Noah disclosed the opening of the ark, which he made* [this must have been an opening which according to the grammatical tense he had not made previously, but which he 'made' (simple past in the Greek OT) now. The opening was probably also very small, not even allowing to see if the land is dry and requiring him to stretch out his hand for the dove; see Gen 8:13] ...	Gen 8:5-6
	Noah sends out the birds. (21 days) 1. Raven; waited 7 days; no return for 77 days 2. Sent out a dove; waited *"yet another 7 days"* 3. Sent out the dove; leaf; waited *"yet another 7 days"* 4. Sent out the dove; no return The olive tree might have died after 150+ days, but not its stump. Olive trees can sprout from stumps. Yet THEOS could have also created this and other olive trees and plants from scratch, because Gen 2:3 states *"And THEOS blessed the seventh day and hallowed it, because on it he paused from all his works, which THEOS began to do."* Those last three words of the creation week 'began to do' (Strong's G756 'erxato' and G4160 'poiesai'; it is very unusual and thus remarkable that a Greek verb consists of two separate words!) contain - contrary to the Masoretic text which simply renders 'he made' or more accurately 'created to make', a very important and often overlooked information - meaning that He possibly did not create all the animals, humans and plants on the entire planet earth within the creation week, but that He created at least in the (wider) region of Eden the main types of each animal or plant, and that He progressively created more in the weeks, months and years thereafter, accompanied by the independent and natural course of things. Similiarly, He probably intervened after the Cataclysm, at least in certain regions of the world.	[1] *Then he sent out the raven, to see if the water had retracted. And having gone out, it did not return until the water was dried up from the earth.* [2] *And he sent out the dove after it, to see if the water had retracted from the face of the earth. And the dove not having found rest for its feet, it returned to him into the ark, because water was upon all the face of all the earth. And stretching out his hand, he took it and brought it to himself into the ark.* [3] *And having waited yet another seven days, he once again sent forth the dove from the ark. And the dove returned to him towards evening, and it was holding a dried twig with an olive leaf in its mouth. Then Noah knew that the water had retracted from the earth.* [4] *And having waited yet another seven days, he once again sent forth the dove, and it did not continue to return to him any longer.*	Gen 8:7-12
			Marvel. Bible
	A raven (unclean, evil) would look for dead flesh and obviously found it, while a dove (clean, related to the HOLY SPIRIT) would find new life.	*And KYRIOS said unto Satan, From whence comest thou? And Satan answered KYRIOS, and said, From going to and fro in the earth ...*	Job 2:2
The Earth Dries Up Day 304 - 360	The earth starts to dry up. (Day 304)	*Then it followed in the six hundred and first year in the life of Noah, the first month, the first of the month, the water was gone from the earth.*	Gen 8:13
	The ground is dry. (Day 360)	*And Noah uncovered the roof of the ark, and he saw that the water was gone from the face of the earth. Now in the second month, the twenty-seventh of the month, the earth was dried up.*	Gen 8:13-14
	Noah leaves the ark with his family.	*Then KYRIOS the THEOS spoke to Noah, saying: "Go out from the ark, you and your wife and your sons and the wives of your sons with you!"*	Gen 8:15-16
	Noah releases the animals, but probably not those destined for sacrifice / his livestock.	*And all the wild beasts, as many as are with you, and every flesh from birds to domestic animals, and every herptile moving upon the earth, lead out with yourself! And be fruitful and multiply upon the earth!" Then Noah went out, and his wife and his sons and the wives of his sons with him, and all the wild beasts, and all the domestic animals, and every bird, and every herptile moving upon the earth, according to their kind, they went out from the ark.*	Gen 8:17

Post Cataclysm

After Day 360 · 3297 BC

Event / Comment	Scripture	
Noah's altar to KYRIOS.	*Then I will establish my covenant with you. And you will enter into the ark, you and your sons and your wife and the wives of your sons with you.*	Gen 6:18
	And Noah built an altar to THEOS, and he took from all the domestic animals, the clean ones, and from all the birds, the clean ones, and bore up whole fruits upon the altar. And KYRIOS the THEOS was minded to smell a fragrance of a good odor, and having it considered, KYRIOS the THEOS spoke: "I will not continue any longer to curse the earth because of the works of men. For the imagination of man is intently set upon evils from youth. I will therefore not continue any longer to smite every living flesh, as I did. All the days of the earth, seed and harvest, cold and heat, summer and spring, day and night, will not cease."	Gen 8:20-22
THEOS' covenant with Noah & humankind.	*And THEOS blessed Noah and his sons, and He spoke to them: "Be fruitful and multiply, and fill the earth, and exercise dominion over it! And the dread of you, and the fear will be upon all the wild beasts of the earth, and upon all the birds of heaven, and upon everything moving upon the earth, and upon all the fishes of the sea. In your hands I have given them* [...] *Then THEOS spoke to Noah, and to his sons with him, expounding: "I, behold, am establishing my covenant with you, and with your offspring after you, and with every soul living after you* [...] *and all flesh will not die anymore by the water of the cataclysm, and a cataclysm of water will not exist anymore, to ruin all the earth."* [...] *I set my bow in the cloud, and it will be for a sign of covenant between me and the earth.*	Gen 9:1-13
	"For this is like the waters of Noah to me, when I swore that the waters of Noah would never again pass over the earth, so I swore that I would not be angry at you and rebuke you.	Isa 54.9
From the time after the flood, we were given grain, vegetables, fruits and animals for food (previously no animals). ► see also the study on 'Food' in Topics	*... and upon everything moving upon the earth, and upon all the fishes of the sea. In your hands I have given them. And every herptile which is living, will be to you for food. just as herbs of a garden, I have given you everything. However, you will not eat meat with a soul's blood.*	Gen 9:2-4
Noah's descendants.	*Now the sons of Noah, the ones having gone out from the ark, were Sem, Cham, Japheth. Cham was father of Chanaan. These three are the sons of Noah. From these they were spread upon all the earth.*	Gen 9:18-19
Noah's remaining life.	*Then Noah began to be a man working the land, and he planted a vineyard.* [leading to the first post-flood-sin and the curse of Canaan and his descendants, later to be invaded by the Israelites, also based on this particular curse].	Gen 9:20-27
	Now Noah lived after the Cataclysm three hundred fifty years. Then all the days of Noah were nine hundred fifty years, and he died.	Gen 9:28-29
The generations of Noah / Table of Nations. Also broadly referred to as Table of Nations, those terms describe the genealogy of the sons of Noah, and their dispersion into many lands after the Flood, focusing on the major known societies.	*These are the lineages of the sons of Noah: Sem, Cham, Japheth.* [...] *Among those, the islands of the nations were delimited by their land, each according to tongue, by their tribes, and by their nations.*[...] *And the sons of Cham: Cush, Egypt, Put, and Canaan.* [...] *And Cush fathered Nimrod.* [...] *his kingdom was Babel* [...] *The name of the one was Peleg, for in his days the earth was divided* [...] *These are the sons of Shem, according to their families, according to their languages, in their lands, and according to their nations.* [...] *And from these the nations spread abroad on the earth after the flood.*	Gen 10:1-32
One language - divided into thousands of languages and hundreds of nations.	*Now the whole earth had one language and the same words.* [...] *"Come, let us build ourselves a city and a tower whose top reaches to the heavens.* [...] *And KYRIOS said, "Behold, they are one people with one language, and this is only the beginning of what they will do.* [...] *let us go down and confuse their language there, so that they will not understand each other's language."* [...] *there KYRIOS confused the language of the whole earth, and there KYRIOS scattered them over the face of the whole earth.*	Gen 11:1-9
	[parallel verse] *Do you thus repay KYRIOS these things, O people, foolish and not wise? Did not He himself, your father, acquire you and make you and create you? Remember days of old; consider years of a generation of generations; ask your father, and He will inform you, your elders, and they will tell you. When the Most High was apportioning nations, as he scattered Adam's sons, he fixed boundaries of nations according to the number of divine sons* [see also detailed analysis in the 'Septuagint' study], *and His people Iakob became KYRIOS' portion, Israel a measured part of His inheritance.*	Deu 32:6-9

Shem (Semites)	Ham	Japeth

Event / Comment	Scripture	
Common Misconceptions		
Incorrect number of animals.	Neither 2 of each animal, nor 2 of each kind were brought onto the ark. For more details see above.	-
Many scholars claim that it did not rain in the 2262 years before the flood – assuming an unlimited continuation of the status described in Gen 2:5, solely based on the later mention of the rainbow as a sign.	*… in the day in which THEOS made the heaven and the earth, 5 and every herb of the field before it was on the earth, and all the grass of the field before it sprang up,* for the LORD GOD had not caused it to rain upon the earth, and there was not a man to cultivate it; KYRIOS the *THEOS had not rained on the earth, and there was not a man to cultivate it. 6 But there rose a fountain out of the earth, and watered the whole face of the earth.*	Gen 2:4–5
1. Genesis 2:5 is directly equated with 'no man to cultivate it'. It is crystal clear from further context, that Adam and his sons were very soon commanded to cultivate the earth (Gen 3:23), meaning that the content of this verse was fulfilled not only after 2262 years, but probably in the very first year of creation.	*So KYRIOS the THEOS put him forth from the garden of Eden, – to till the ground* [implying rain] *wherefrom he had been taken.*	Gen 3:23
2. The consecration of the element 'rainbow' does not really say anything about the moment of its first appearance. We read too much into the Bible, when we assume that a rainbow appeared for the first time after the flood. THEOS connected it in this moment to a covenant (in the same way a dove did not come into existance at CHRISTOS' baptism), but this does not mean he created it in this moment.	*12 And THEOS said to Noe, This is the sign of the covenant which I set* [Present Tense in the original] *between me and you, and between every living creature which is with you for perpetual generations. I set my bow in the cloud, and it shall be for a sign of covenant between me and the earth. And it shall be when I gather clouds upon the earth, that my bow shall be seen in the cloud. And I will remember my covenant, which is between me and you, and between every living soul in all flesh, and there shall no longer be water for a deluge, so as to blot out all flesh. And my bow shall be* [Future Tense] *in the cloud, and I will look to remember the everlasting covenant between me and the earth, and between every living soul in all flesh, which is upon the earth. And THEOS said to Noe, This is the sign of the covenant, which I have made* [Past Tense!] *between me and all flesh, which is upon the earth.*	Gen 9:5–17
3. It is more, a detailed analysis of the original text shows clearly that THEOS gives in Gen 9:12 the sign, which He had according to verse 17 already created !! This is a clear proof that the existence of the rainbow preceded the consecration as a sign.	*6 But there rose a fountain out of the earth, and watered the whole face of the earth.*	Gen 2:6
4. The existence of springs or mist in the first days of creation does also not imply the absence of rain. Springs are still found today all over the world – active simultaneously with rain.		
5. Noah would not have had any building materials for his ark if it would not have rained. He required hundreds of trees and we can hardly assume that he planted and manually watered those for decades, nor did THEOS indicate at any point to plant trees which require years or decades to grow to a size suitable for a gigantic ark.	*… and, man, was there none to till the ground* [Adam had not been created yet]; *but, a vapour, went up from the earth, – and watered all the face of the ground. So then* [= after the initial days of no rain] *KYRIOS THEOS formed man of the dust of the ground* […] *And THEOS, caused to spring up, out of the ground, every tree pleasant to the sight and good for food* […] *So KYRIOS the THEOS took the man, – and placed him in the garden of Eden, to till it and to keep it.*	Gen 2:5–15
	And who prepared a course for the violent rain, and a way for the thunders; to rain upon the land where there is no man, the wilderness, where there is not a man in it; so as to feed the unmodden and uninhabited land, and cause the seed-bush issue forth?	Job 38:25-27
Science does not contradict the Bible.	Science underlines the Bible, but a wrong and biased interpretation of science can lead to particular conclusions. See also extra biblical proofs.	-
The flood was global, not only local. This is not only implied through an interpretation of Bible verses, but is actually stated as such. 2Pet 3 also puts the flood on a global scale, by directly comparing it to the present heavens and earth which will not only be destroyed locally in our end times, but at a large scale.	Genesis 6:17 (*"every flesh under the heaven, in which is a breath of life. And as many as might be on the earth, will die."*), Genesis 7:17-23 (*"the water covered all the high mountains … under heaven", "everything which was upon the dry land", "all the existence … of all the earth"*) and Genesis 8:9 (*"water was upon all the face of all the earth"*) prove it to be global; see also above.	
	For this they willingly conceal, that the heavens existed long ago, and the earth having been established by the Word of THEOS out of water and through water, through which the world then, having been flooded by water, was destroyed; and by the same Word, the present heavens and earth, having been stored up for fire, are being preserved until [the] day of judgment and destruction of impious men.	2Pet 3:4-7
The giants existed before and even after the flood, but had not been on the ark with Noah. Their identity is unclear and we should avoid speculations.	*The Nephilim* [giants] *were upon the earth in those days, and also afterward, when the sons of THEOS went into the daughters of humankind, and they bore children to them. These were the mighty warriors that were from ancient times, men of renown.*	Gen 6:4
	There [in Canaan during the Exodus] *we saw the Nephilim (the descendants of Anak came from the Nephilim), and we were like grasshoppers in our own sight, and so we were in their eyes."*	Num 13:33
	And there went forth a mighty man out of the army of the Philistines, Goliath by name, out of Geth, his height was four cubits and a span.	1Sam 17:4
Civilizations And Languages That Originated Or Ended In ~3300 BC	The precise time of the flood, if it would be more widely recognized according to the Greek Old Testament data with ~3298 BC, does indeed coincide with commonly precised non-biblical a tremendous victory through the manipulation of the Proto-Masoretic genealogies and therefore the disassociation with the following markers which are widely accepted:	
3300 BC Transition Copper Age – Early Bronze Age I	The Copper Age (Early Chalcolithic) started in the same time (~5500 BC) the Greek Old Testament dates creation (~5960 BC). Even more remarkably, the Copper Age (Late Chalcolithic) ended in 3300 BC, while the (Early) Bronze Age began in 3300 BC.	Wikipedia
3200 BC Ancient Egyptian Civilization (Nile Valley)	The Predynastic Period of ancient Egypt (~5450 – 3100 BC) was the time before the unification of the country under the first pharaohs, laying the foundation for Egyptian civilization through the development of agriculture, settlement, and distinct Upper and Lower Egyptian cultures.	Source
	The first Egyptian hieroglyphs emerged ~3250 – 3200 BC at a site called Abydos, on bone and ivory tags, and pottery vessels. These early examples are considered the oldest known examples of Egyptian writing, predating the unification of Egypt. Other early examples include rock carvings at Elkab dating to around 3250 BC.	Wikipedia
3200 BC Proto-Elamite Civilization (Iranian Plateau)	This civilization (~3200 BC – 2700 BC) was the oldest civilization in what is now Iran, centered in the region of Elam on the Iranian Plateau and known for its distinct Proto-Elamite writing system, which emerged in ~3000 BC.	Wikipedia
3300 BC Indus Valley Civilisation	The Indus Valley Civilization, was the earliest known urban culture of the Indian subcontinent. Also known as the Harappan Civilization, it was a Bronze Age civilization that flourished from approx. 3300 BC – 1300 BC in the northwestern regions of South Asia, covering much of modern-day Pakistan and parts of India and Afghanistan.	Britannica
3500 BC Caral-Supe Civilization (Peru, Andean Coast)	In the Americas, the 'Norte Chico' or 'Caral-Supe' civilization on the coast of Peru began to flourish ~3500 BC, with large-scale settlement and communal construction becoming apparent from 3100 BC onwards. This is considered the oldest known civilization in the Americas.	Wikipedia
3150 BC Newgrange (Ireland)	Newgrange was built around 3200 BC by Stone Age farmers in County Meath, Ireland, and is famous for its precise winter solstice alignment.	Wikipedia
Stonehenge (UK)	Stonehenge was built in several phases, starting around 3100 BC with an earthwork enclosure, with the famous large stone circle erected between 2600 BC and 2400 BC, evolving into the monument we see today.	Wikipedia
3325 BC Sumerian Civilization (Mesopotamia)	The world's earliest known texts come from the Sumerian cities of Uruk and Jemdet Nasr, and date to between ~3350 – 2500 BC. This language isolate was also the first to be written using the cuneiform script.	Wikipedia
	Most historians have suggested that Sumer was first permanently settled between ~5500 BC (Creation date according to Greek Old Testament) and ~3300 BC.	Wikipedia
3300 BC Yamnaya culture	The Yamnaya culture, which dates to ~3300 BC – 2600 BC, are the earliest known people to have ridden horses, according to evidence from skeletal remains.	Wikipedia
8 Extrabiblical Proofs For The Flood	It is harder to ignore the vast extrabiblical evidence, than to have faith in the perfect truth and accuracy of the biblical account.	
1. Doggerland, the former land connection between Continental Europe and Great Britain (~35 meters BSL) is confirmed by scientists to have been exposed "after 10000 BC").	This area was inhabited before the flood, and when only a subset of the underground water could go back to its origins, remained below the new sea level, ultimately propelling the division of Pelag.	FloodMap.net
	Vessels have dragged up remains of mammoths, lions and other animals, and a few prehistoric tools and weapons.	Wikipedia
2. Another very important site which proves the lower sea level is the submerged Yonaguni Monument, which is located 150km southeast of Taipei.	This location is disguised in this Wikipedia article as a natural formation and labeled as 'pseudoarchaeological' claim, . . .	Wikipedia
	. . . but is unquestionably a man-made structure at a depth ranging from 4 to 25m below the current sea level.	Rendering & Images Location
3. In 2025, an archaeological discovery off the coast of the Île de Sein, France has uncovered a 120-meter-long submerged wall, as well as about ten smaller structures built by man clearly before the flood.	*This structure is located 9 meters below the current sea level. The wall averages 20m wide and is 2m high.*	Press Article
4. Marine fossils found on mountains, buried when the flood waters rapidly receded or when increasing flood waters brought mudslides that rapidly buried the animals.	*Fossil graveyards found in rock layers around the world are evidence of the global Flood.*	Source
	Countless billions of plant and animal fossils are found in extensive "graveyards" – Grand Canyon, Monteau-les-Mines (France), Mazon Creek (Chicago), Florissant (Colorado), Tasmania (Australia), Antarctica, Andes, Himalaya, et al …	Source
5. Soft-bodied fossils.	*Soft-bodied fossils reinforce the scenario of catastrophic burial. Squids were fossilized with ink still in their ink sacs.*	Source
	Photo showing the drawing of one of those fossils, drawn with the very ink of the fossil.	Source
6. Fossilized animals giving birth.	*An extinct marine reptile was found having almost completed giving birth – the beak of the young reptile is still inside the mother's birth canal.*	Source
7. Transcontinental rock layers.	*The waters deposited fossil-bearing sediment layers rapidly across vast areas around the globe.*	Source
8. No evidence of millions of years between rock layers.	*The boundaries between the layers show evidence of continuous rapid deposition.*	Source
9. Folded rock layers.	*In the walls of the Grand Canyon, we can see that the whole horizontal sedimentary strata sequence was folded without fracturing. The only way to explain how these sandstone and limestone beds could be folded, as though still pliable, is to conclude they were deposited during the Genesis Flood, just months before they were folded.*	Source
10 Proofs For The Global Flood	On a personal note, I have to admit that I struggled for some years to accept a global flood. Too loud had been the voices from outside-, and often even from inside the church. But since I elaborated this study in 2021, I have come to the unbreakable conviction that the Bible plainly teaches us a global flood. The book 'The Genesis Flood' (read in 11/2023) makes a good job in summarizing the reasons the flood described in Genesis could have impossibly been of local extent only:	
1. The Bible says that the waters of the flood covered the highest mountains to a depth sufficient for the ark to float over them.		The Genesis Flood: The Biblical Record and Its Scientific Implications, by John C. Whitcomb
2. The Bible also informs us that this situation prevailed for a period of 5 months, and that an additional 7 months were required for the waters to subside sufficiently for Noah to disembark in the mountains of Ararat.		
3. The expression 'fountains of the great deep were broken up' points unmistakably to vast geological disturbances that are incompatible with a local flood concept.		
4. The construction of the ark with a capacity of at least 1.400.000 cubic feet merely for the purpose of carrying 8 people and a few animals through a local inundation is utterly inconceivable.		
5. If the flood had been limited in extent, there would not have been a need for an ark at all, for there would have been plenty of time for Noah's family to escape from the danger area, to say nothing of the birds and beasts.		
6. Peter's use of the flood as a basis for refuting uniformitarian skeptics in the last days would have been pointless, if the flood would have been merely a local one.		
7. A widely distributed human race could not have been destroyed by a local flood.		
8. IESOUS CHRISTOS clearly stated that all men were destroyed by the flood (Luk 17:26–30).		
9. The covenant, which THEOS made with Noah after the flood, becomes meaningless if only a part of the human race had been involved. It is more, THEOS would have broken his covenant approx. 500 000 times, assuming approx. 100 major local floods worldwide per year (real number probably higher; e.g. 170 major flood disaster events worldwide in 2023).		
10. Evidence of human fossils in widely scattered parts of the world makes it very difficult to assume that men did not migrate beyond the Near East before the time of the flood.		
Epilogue	Many of us doubted the flood or parts of it. But we have seen now clarification on all truly relevant levels and now it is up to us to simply become steadfast and unmovable in the Word, while being wise with those who are ignorant of the truth. While we have the obligation to share the Evangelium, we should abstain from unfruitful discussions and argue only if the HOLY SPIRIT convicts us to say something. Instead of vain discussions, focus on your personal growth in the FAITH, so become a strong tree.	
	Where, o death, (is) your sting? Where, o hades, (is) your victory? *And the sting of the death (is) the sin, and the power of the sin the law.* *And to THEOS – thanks to Him, who is giving us the victory through our KYRIOS IESOUS CHRISTOS;* *so that, my brethren beloved, become you steadfast, unmovable, abounding in the work of KYRIOS at all times, knowing that your labour is not vain in KYRIOS.*	1Cor 15:55–58

30-Day Gap
between Genesis 8:12 and Genesis 8:13,
based on Genesis 8:5 manipulation / misinterpretation (10th instead of 11th month)

1. The perfect match in the Greek Old Testament timeline of
a) the 7th day of the dove not returning with
b) precisely the 1st day of the 1st month
can simply not be coincidence.

2. It makes perfect sense that Noah removed the covering
on the very same day he realized that the dove had not returned
and not only 30 days later.

3. The Bible does not state any external impulse other than the missing dove,
that would have motivated Noah to open the covering on that precise day.

4. The Bible does not state anything about the content or reason for an extra month of waiting,
before the final wait of 56 days, until the earth dried up 100% and THEOS told Noah to leave.

5. The text flow of Genesis 8:12 and 13 does not provide any basis
for manually inserting 30 days in between. To the contrary -
a gap between both verses would seem foreign to the narrative.

This affirms the absolute proof
for the partial manipulation of Masoretic Bible texts,
and further proves the manipulation of
many of the begetting ages in the genealogies
(see separate study 'Genealogies').

In this verse, the 27th is not replaced anymore by the 17th day; contrary to the manipulations of Gen 7:11 and Gen 8:4 – another proof for the manipulation of the Masoretic texts.

370 days = incorrect length of flood; is exactly 1 year (360 days); from Ziv 27 to Ziv 27; not from Ziv 17 to Ziv 27.

* This calendar in itself proves that a 360 / 30-day calendar had been used – a fact that could only be assumed by scholars following the Masoretic timeline.

1. The sum of exactly 360 days can therefore be considered a secondary proof for the 360 day-calendar.

2. The primary proof is found in Rev 11:3 *"... my two witnesses, and they will prophesy for one thousand two hundred sixty days* [3.5 years] *..."* and Rev 13:5 *"... authority to act was given to him for forty-two months* [3.5 years] *..."*. When we divide the 1260 days / 42 months, we achieve exactly 30 days. In the End Times (Trumpet #4), we will have again a 360-year-calendar as the Bible states it through the previous verses. Another secondary proof for 30 days is the average of 29.99 days between a lunar month (29.530 days) and a solar month (30.437 days).

3. If we try to lay the timeline over a calendar that uses 28, 29 or variable 29/30 days per month, certain events such as the resting of the ark and the previous 150 days would overlap by several days, clearly proving the perfect accuracy of the constant 30 day interval until the time of the flood, when the flood and its related events changed slightly the constellation of sun, moon and earth.

Possible Location Of The Ark

Google Earth, used with general permission for purposes such as research, education, film and nonprofit. Data attribution: This map includes data from: CNES / Airbus Landsat / Copernicus Data SIO, NOAA, U.S. Navy, NGA, GEBCO

While most of the building materials of the ark would have naturally disappeared over the course of ~5300 years, we still find a remarkable footprint of the possible ark. This location is the very same as the Garden of Eden - what only makes sense- THEOS having started the 2nd creation in the same place as the 1st creation.

The Garden of Eden itself had been partially buried under the eruptions of the volcano, but Noah and his family would have used the same area and the same fertile soil to settle and to cultivate the first crops.

► see also study 'Eden' with the 100% certain localization of the Garden of Eden.

Geoglyph - a large design or drawing created on the surface of the earth, as by positioning stones or removing earth or surface rock to create lines or spaces that contrast with the surrounding terrain.

At least 8 geoglyphs have been discovered (by Creation Ministries Int.) in recent years at a distance of approx. 5 kms west of Karaca Dağ .

4 of them are pointing to 2 adjacent peaks, while the other circles and the cross seem to have a rather descriptive function:

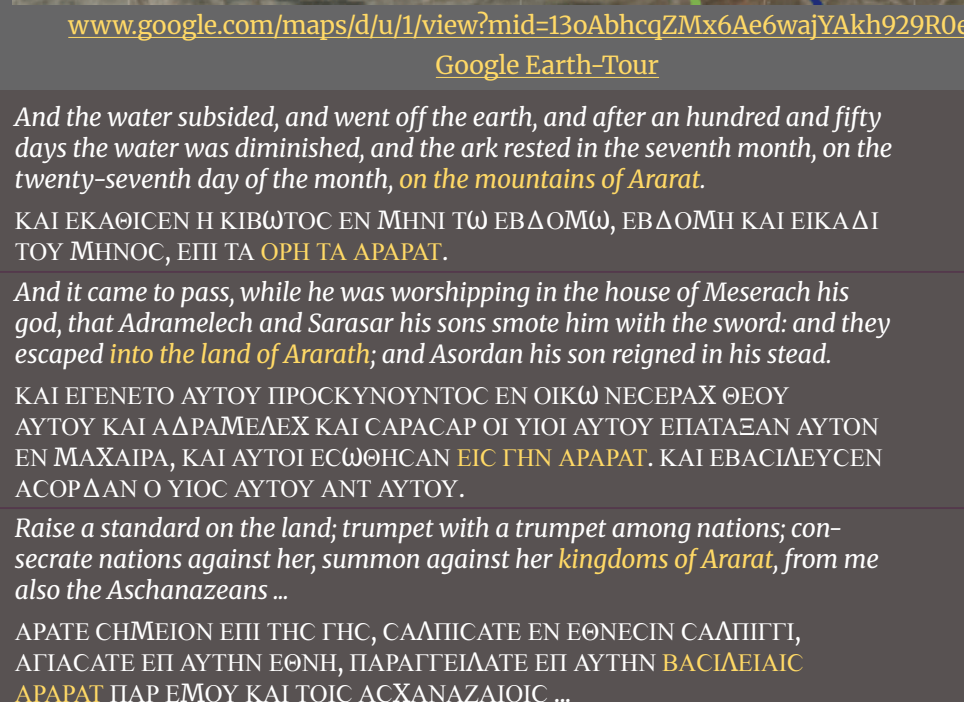

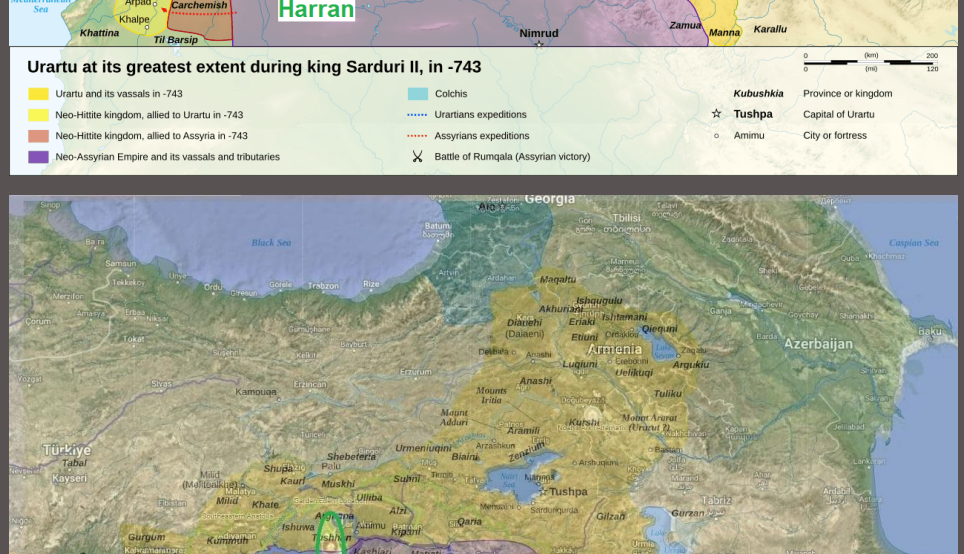

1. The 'Zepter' points straight to the footprint of the Ark.
2. The 'Window' points to the adjacent peak (possible location for Noah's altar).
3. The drawing of an Ark points to the adjacent peak (altar).
4. Another (vage) drawing of an Ark points to the adjacent peak (altar).

► see the map for the detailed images of those 8 geoglyphs:

Google Earth-Tour

The ark landed on the mountains (plural) of Ararat.	*And the water subsided, and went off the earth, and after an hundred and fifty days the water was diminished, and the ark rested in the seventh month, on the twenty-seventh day of the month, on the mountains of Ararat.* ΚΑΙ ΕΚΑΘΙCΕΝ Η ΚΙΒΩΤΟC ΕΝ ΜΗΝΙ ΤΩ ΕΒΔΟΜΩ, ΕΒΔΟΜΗ ΚΑΙ ΕΙΚΑΔΙ ΤΟΥ ΜΗΝΟC, ΕΠΙ ΤΑ ΟΡΗ ΤΑ ΑΡΑΡΑΤ.	Gen 8:4
Ararat is commonly assumed to be only the name for a single mountain, but this ignores numerous Bible passages which make it clear that 'Ararat' was not only a mountain range, but a land encompassing those mountains.	*And it came to pass, while he was worshipping in the house of Meserach his god, that Adramelech and Sarasar his sons smote him with the sword: and they escaped into the land of Ararath; and Asordan his son reigned in his stead.* ΚΑΙ ΕΓΕΝΕΤΟ ΑΥΤΟΥ ΠΡΟCΚΥΝΟΥΝΤΟC ΕΝ ΟΙΚΩ ΝΕCΕΡΑΧ ΘΕΟΥ ΑΥΤΟΥ ΚΑΙ ΑΔΡΑΜΕΛΕΧ ΚΑΙ CΑΡΑCΑΡ ΟΙ ΥΙΟΙ ΑΥΤΟΥ ΕΠΑΤΑΞΑΝ ΑΥΤΟΝ ΕΝ ΜΑΧΑΙΡΑ, ΚΑΙ ΑΥΤΟΙ ΕCΩΘΗCΑΝ ΕΙC ΓΗΝ ΑΡΑΡΑΤ. ΚΑΙ ΕΒΑCΙΛΕΥCΕΝ ΑCΟΡΔΑΝ Ο ΥΙΟC ΑΥΤΟΥ ΑΝΤ ΑΥΤΟΥ.	2Kin 19:37
But it is more, it was not only a mountain range and a land, it was the name of an entire kingdom.	*Raise a standard on the land; trumpet with a trumpet among nations; consecrate nations against her, summon against her kingdoms of Ararat, from me also the Aschanazeans ...* ΑΡΑΤΕ CΗΜΕΙΟΝ ΕΠΙ ΤΗC ΓΗC, CΑΛΠΙCΑΤΕ ΕΝ ΕΘΝΕCΙΝ CΑΛΠΙΓΓΙ, ΑΓΙΑCΑΤΕ ΕΠ ΑΥΤΗΝ ΕΘΝΗ, ΠΑΡΑΓΓΕΙΛΑΤΕ ΕΠ ΑΥΤΗΝ ΒΑCΙΛΕΙΑΙC ΑΡΑΡΑΤ ΠΑΡ ΕΜΟΥ ΚΑΙ ΤΟΙC ΑCΧΑΝΑΖΑΙΟΙC ...	Jer 28(51):27
What is the Kingdom of Ararat? Bible scholars and historians generally agree that 'Ararat' is the Hebrew name of Urartu, which was indeed a major kingdom.		Map of the kingdom of Urartu at its greatest extent, in -743. By Sémhur, CC BY-SA 4.0, https://commons.wikimedia.org/w/index.php?curid=33667717
When we overlay the map of the greatest extension of the former Kingdom of Urartu with a current map, we notice that the mountain range which Karaca Dag is part of, lays directly at the limits between Urartu and the Neo-Assyrian Empire, which on the other hand included Ur de Chaldean (modern Sanliurfa), Harran, the correct (approx. localization of Babylon, and the precise localization of Nineveh.		Overlay with own map, Minor Distortions due to different Map Projections
Urartu was also used in the late 6th – early 5th c. BC as a synonym for Armenia.		Turkey in Asia (Asia Minor) and Transcaucasia. Keith Johnston's General Atlas. Oct. 1911. Engraved, Printed, and Published by W. & A.K. Johnston
The Babylonian Map of the World (also 'Imago Mundi' or 'Mappa mundi') also possibly matches this setting and carries allusions to (Noah's) ark and to a respective mountain (1), which would match Karaca Dag in its location. Others have also proposed that Habban is actually the biblical Harran.		Babylonian Map of the World, Wkipedia.org All Photos are Public Domain and referenced in the linked article. The Weekly Sabbath

Comments	Calendar

The entire schedule of Noah's flood is heavily intertwined with the Weekly Sabbath. 6 out of 10 dated events (!) fell on a Weekly Sabbath.

The beginning of the cataclysm:

Day	1	2	3	4	5	6	7 · Weekly Sabbath ▼
Month						🌑	1 New Year
1-Abib	2	3	4	5	6	7	8
	9	10	11	12	13	14	15
	16	17	18	19	20	21	22
	23	24	25	26	27	28	29
2-Ziv	30	1	2	3	4	5	6
	7	8	9	10	11	12	13
	14	15	16	17	18	19	20
	21	22	23	24	25	26	27 Abyss opened, rain started: Gen 7:11 "2nd month, 27th day"

Year of the Cataclysm

The end of the cataclysm:

Day	1	2	3	4	5	6	7 · Weekly Sabbath ▼
							Raven (1) sent out
							Dove (2) sent out, returned the same day: Gen 8:10 "another 7 days"
							Dove (3) sent out, returned with leaf: Gen 8:10 "another 7 days"
Month						🌑	1 · New Year *Dove (3) did not return: Gen 8:12 "7 more days"* *Noah removed covering, Waters disappeared: Gen 8:13 "1st month, 1st day"*
1-Abib	2	3	4	5	6	7	8
	9	10	11	12	13	14	15
